

UNIVERSITIES ALLIED FOR ESSENTIAL MEDICINES

***2016 North American Fall Conference***  
***Hosted by the University of California, Berkeley***

**South Dr, Berkeley, CA 94720**

All sessions will be held in the main auditorium unless otherwise stated. Please note, there are concurrent sessions throughout the day to account for different interests and expertise levels.

For students arriving **Friday Oct. 14<sup>th</sup>**, please gather to meet your hosts from 6:30pm @ **Hotel Durant Lobby: 2600 Durant Ave, Berkeley, CA 94704**

*Over the next several days we will have the opportunity to collaborate alongside experienced activists and leaders to learn about how to advocate for people's health globally and fight for health equity. We encourage you to actively engage. Ask questions and challenge the status quo. The system is failing patients and needs fixing. Who else to take the charge than us, now, as global health activists at our universities and organizations? We have a solution, we just need to make it happen, and together we believe we can!*
